PAYMENT METHOD	CASH OR CHECK	CASH OR CHECK
Hosted by	Sierra Foothills Rose Society	Sacramento Rose Society

**EVERYONE IS WELCOME TO COME &  
TAKE HOME SOME GREAT ROSES!**

Each year, the rose societies have a rose auction. We've come up with a stellar selection of must-have rose varieties – mostly miniatures, mini-floras and polyanthas. These varieties tend to stay small (often under 2 feet) and can be grown in pots. (Suddenly, you can envision a lot more space for roses!)

These roses, grown by our club's green-thumbed propagators, are mostly from cuttings supplied by Baldo Villegas from his vast collection. **Many of these varieties (1-2 each) cannot be found in nurseries.**

These bushes have been babied for many months if not years. The results: Healthy plants that will produce beautiful roses for years to come.

This catalog lists the roses available by **DATE offered**. The first five pages are for **MAY 5<sup>TH</sup>** and **ROSES** available at Baldo's Rose Acres in Orangevale. The remaining pages are for **MAY 9<sup>TH</sup>** and **ROSES** available at Shepard Garden & Arts Center in Sacramento. (Even the rose names are color coded by location.)

These auctions are the societies major fundraiser. So, buying a bush not only adds to your garden but helps our societies' to do outreach and thrive, too. Please bring **cash or checks**.

**BOTH SOCIETIES WELCOME YOU TO EITHER OR BOTH AUCTIONS.**
